Our Motto

TRUST

This ideal is central to the relationship between teachers, parents and children. Aranmore embodies three ideals:

- a deep-seated respect for our history
- a strong commitment to those in school at present
- confidence that, through learning and trust, God's love will continue to enable, enrich and empower our future lives

Our Mission

Our school aspires to create an environment in which each child's dignity is actively developed spiritually, emotionally, academically, socially and physically. Through this, each child will recognise and respect their own worth as well as the dignity and rights of others.

Our Vision

Aranmore Catholic Primary School, enriched by its Catholic tradition & cultural diversity, nurtures in each child a love of life, a passion for learning and the skills to make a difference.

Our Values

Founded upon the traditions of the Sisters of Mercy and the Christian Brothers, the 500 students and the broader Aranmore community uphold the values of Jesus Christ. Daily we strive to live out the values outlined by the Sisters of Mercy:

- **Mercy:** Be thoughtful, warm and respectful in all you do and feel
- **Compassion:** Show you care for others' needs and help meet their needs
- **Justice:** Treat all members of our community fairly and justly
- **Dignity:** Respect each other, knowing we are all valued and loved by God
- **Excellence:** Try to be your best in all that you do
- **Hospitality:** Be welcoming, friendly and inclusive in our play and our lives
- **Stewardship:** Keep God in our hearts and our play

ACPS EARLY YEARS TEACHING and LEARNING PHILOSOPHY

Aranmore Catholic Primary School acknowledge that each child develops in different ways, at different rates and we embrace the individuality of each child. The School is passionate about providing all children with an excellent education in a safe and supportive learning environment that enables each child to reach their full potential, not only academically, but socially, emotionally and spiritually.

We want your child to get the most from their educational experience and to grow up as happy and caring life-long learners. Educational objectives can only be fulfilled when a child feels happy and secure whilst they are here at Pre-Primary. Our educational objectives complement our Catholic ethos of respect and love for one another and thus, develop the values of a Christian Community.

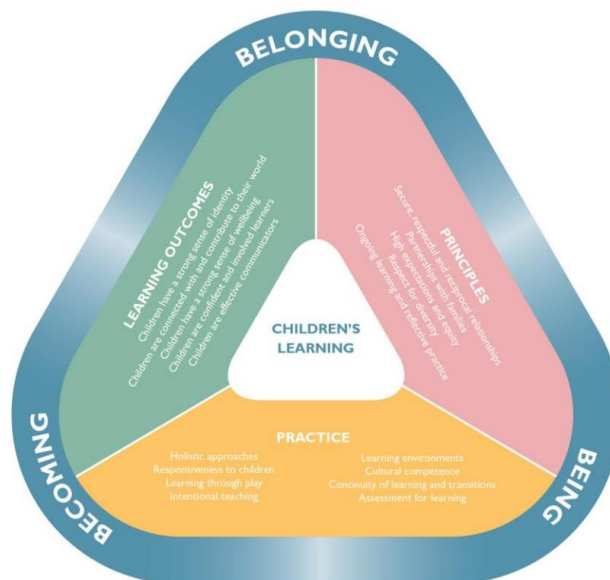

At Aranmore Catholic Primary School, we acknowledge that families are the most powerful influence on children's lives and that learning outcomes are most likely to be achieved when educators work in partnership with families. The rich and diverse communities of which the children are a part are valued and understood as central to their lives and learning. We respect the history, culture, language and traditions of families and communities and see learning in a social context built on collaboration and community participation.

Children in the early years learn most effectively through play-based experiences. It is through these experiences that children make sense of their world, as they engage with others and the environment. Our Pre-Primary program consists of learning experiences based on the needs, interests and abilities of the children. They incorporate a balance of intentional teaching and play-based learning, that provide children with opportunities to explore, discover, imagine and engage in purposeful and meaningful experiences.

BELONGING, BEING and BECOMING

The Early Years Learning Framework (EYLF) mandated by the Australian Government which, through a series of principles, practices and learning outcomes, sets out key ideas about the ways in which we work with young children in our care. Fundamental to the Framework is the view that children's lives are characterised by three important ideas - that of *Belonging*, *Being* and *Becoming*.

The goal to provide the highest possible degree of childhood education and care is a priority at Aranmore Catholic Primary School and in striving to achieve this, the school is working towards attaining set qualities as set out by the new National Quality Standard. These areas have been identified by research as being the most important to ensure that the safety, health, well-being and educational and developmental outcomes of children can be met.

The quality areas of **The National Quality Standard** are:

1. Education Program and Practice
2. Children's Health and Safety
3. Physical Environment
4. Staffing Arrangements
5. Relationships with Children
6. Collaborative Partnerships with Families and Communities
7. Leadership and Service Management

PRE-PRIMARY CURRICULUM

Teaching and Learning programs are designed that 'capture the integrated and complex learning and development of all children' by pursuing the five outcomes in Belonging, Being and Becoming: The Early Years Learning Framework for Australia and the Western Australian Curriculum. Our early childhood teachers incorporate these outcomes and guidelines into the teaching and learning indoor and outdoor experiences. In this way we are able to achieve a successful balance between educationally play-based and structured learning for the children.

EYLF Learning Outcomes:

1. Have a strong sense of identity
2. Are confident and involved learners
3. Are connected with and contribute to their world
4. Have a strong sense of well-being
5. Are effective communicators

The EYLF Learning Outcomes, Principles and Practices are integrated across the learning areas of the Western Australian Curriculum.

Guiding Children's Behaviours

In Pre-Primary we encourage students to think about and make good choices. We model and encourage students to solve problems. Parents will be notified regarding concerns or repetitive inappropriate behaviours.

Parent Helpers

We love to have parents coming to assist in Pre-Primary. Please write your name on the roster whenever you are available to come in and help us in the classroom. Unfortunately, we are unable to invite siblings into the classroom during this time.

We welcome grandparents on roster; however, a Working With Children check is required by all helpers, aside from parents. The Working With Children card will need to be presented to the front office prior to coming on roster

It is important to stress that parent helpers are not permitted to discuss with others the behaviour or performance of any of the students. In this way we safeguard the feelings of others and maintain high levels of professionalism and confidentiality. All helpers (parents or grandparents) are required to sign the School's Code of Conduct.

Laundry

We ask that parents share the weekly washing – towels, tea-towels and art smocks. A roster will be established. The washing is distributed on Friday to be laundered and returned the following Monday.

CATHOLIC SCHOOL PARENTS OF WA

The Catholic School Parents of WA (CSPWA) formally Parents and Friends Association is a magnificent friend-raising and fund-raising group within our school who organise social events for the parents and children and also assist in purchasing additional resources for our school. Parents are encouraged to support the CSPWA. The Class Representative role involves welcoming new parents to the school, organising informal get-togethers for parents and general liaising between the CSPWA and parents.
